UTAH NEVADA MONTANA IDAHO COLORADO NEW MEXICO ARIZONA

PTI supports customers across the Rocky Mountain Region providing reliable and cost-effective solutions to flow, level, temperature, pressure and process control requirements.

As a value-added service, local, factory trained engineers install or replace parts for quick startup and measurement reliability.

Increase your measurement confidence - reduce your maintenance costs.

Safe start-up provides reliable operation of equipment and processes to increase safety, minimize downtime and enhance productivity.

On-site Instrumentation Services

- Start-up and Commissioning
- Troubleshooting
- Calibration
- Scheduled Maintenance
- Operator and Technician Training
- Consulting

Pressure, Temperature, Level, Valve Positioners, Loop Controllers, Flow and Weighing Process Instrumentation Serviced by PTI

- Belt Scale
- Solids Impact Flowmete
- Radar Level
- Ultrasonic Level
- Magnetic Flow
- Ultrasonic Flow
- Pressure Transmitters
- Valve Positioners
- SmartDiver
